**Notes:**

Saudi Arabia has recently announced a new plan to ease foreign workers' contractual restrictions in the country. This would pave way to improvement of a sponsorship system known as Kafala, which is highly controversial.

The new plan is expected to take effect from March 2021 and would make Saudi Arabia more labour attractive.

**49. Which has become the first country to withdraw from the Paris Climate Agreement?**

- [A] India
- [B] Australia
- [C] USA
- [D] Russia

**Hide Answer**

**Correct Answer: C [USA]**

**Notes:**

The United States of America (USA) has become the first nation in the world to formally withdraw from the Paris climate agreement.

This decision was made by the President Donald Trump in June 2017, but has been formalized now. USA can re-join the agreement any time in future. The Paris deal was drafted in 2015 to strengthen the global response against climate change.
